Quality Products - Solid Value

Parts-On-Wheels

INSTANT ADHESIVE PARTS DELIVERY

The Choice Is Yours

Your order for high-usage adhesive parts can be filled instantly from our mobile warehouse while we are at your site, or your order can be shipped directly to you from one of our distribution centres. APS has serviced adhesive application equipment users since 1970, and is a proven supplier of high-quality products. The Parts-On-Wheels program is designed to save you money while supplying you with high-quality parts. For adhesive application equipment manufactured by **ITW Dynatec, Nordson, Slautterback, Valco & Others.**

Examples of the Stock Items in a Parts-On-Wheels Mobile Warehouse:

- Replacement modules for the Nordson H20 & H200 series heads
- Replacement hoses for Nordson Model IV, V, 2300, 3000 series applicator systems
- A wide range of nozzles, both single & multiple orifice, for Nordson heads
- Replacement coils, heads, nozzles & hoses for Slautterback equipment
- Replacement modules, heads, nozzles & hoses for ITW Dynatec systems
- Replacement valves and heads for Valco Cincinnati cold-glue systems

Payment Options: Setup Account, Credit Card, Company Check
