

# ADHESIVE & PACKAGING SYSTEMS, INC.

Design - Installation - Repair - Rebuild  
Quality Products - Solid Value

## 1000lb Club

### ADHESIVE PREVENTIVE-MAINTENANCE PROGRAM

#### What is the 1000lb Club?

- The 1000lb Club is exclusively for customers that purchase at least 1000lbs. of adhesive per quarter from Adhesive & Packaging Systems (APS), Inc. Equipment services are scheduled quarterly, around customer's production schedules to eliminate lost production. As long as the hot melt adhesive products being used in the system(s) are purchased from APS, the equipment services will be performed on a quarterly basis. **NOTE: Service includes all in-plant labor expense contingent on replacement parts are purchased from APS before or during service.**

#### Benefits of the 1000lb Club:

- Reduce unscheduled downtime caused by equipment breakdowns
- Increase the overall life of your hot melt equipment
- Increase the overall efficiency of your packaging machinery
- Utilization of "vendor-provided" services eliminates an expensive fixed-cost investment in both replacement parts and personnel.

#### Equipment Services performed at your location:

- Equipment Services performed at your location:
- Complete tank drain out and cleaning.
- Complete hose and gun flushing.
- Change out of all tank and gun filter screens.
